SMC Real-Time	Noise Monito	ring Response Regi	ster		* Register of alarms when the real-time monitoring system detects any potential exceedance of noise limits (NMP Section 7.3.3)			
Alarm Description			Validate Data	Source Identification	Management Strategy	Review		
Alarm Date/Time	Name/Location		_	Review of real-time audio to determine	Management measure taken, i.e. Additional mitigation measures applied or ceasing of activities.	Review of real-time data to determine whether the management strategy		
		has been exceeded?	(Does the noise criteria apply)	mine contribution. Identify main contributing noise source.		has resulted in a discernible noise reduction.		
8/01/2024 19:45	Stratford SX108	GreenEStratford	Yes	External Noise Source	Nil Required - Noise bunds where possible, Dozers operating on dumps - Limiting noise with hornless systems in trucks/reverse quakers	No Audible Mine Noise		
9/01/2024 19:15	Stratford SX108	AmberEStratford	Yes	External Noise Source	Nil Required - Noise bunds where possible, Dozers operating on dumps - Limiting noise with hornless systems in trucks/reverse quakers	No Audible Mine Noise		
9/01/2024 22:30	Stratford SX108	RedNStratford	Yes	External Noise Source	Nil Required - Noise bunds where possible, Dozers operating on dumps - Limiting noise with hornless systems in trucks/reverse quakers	No Audible Mine Noise		
10/01/2024 5:45 10/01/2024 19:45	Stratford SX108 Stratford SX108	RedNStratford AmberEStratford	Yes Yes	External Noise Source External Noise Source	Nil Required - Noise bunds where possible, Dozers operating on dumps - Limiting noise with hornless systems in trucks/reverse quakers Reduced operations - Wet weather	No Audible Mine Noise No Audible Mine Noise		
10/01/2024 23:00	Stratford SX108	AmberNStratford	Yes	External Noise Source	Reduced operations - Wet weather	No Audible Mine Noise		
11/01/2024 22:45	Stratford SX108	AmberNStratford	Yes	External Noise Source	Nil Required - Noise bunds where possible, Dozers operating on dumps - Limiting noise with hornless systems in trucks/reverse quakers	No Audible Mine Noise		
11/01/2024 23:45	Stratford SX108	GreenNStratford	Yes	External Noise Source	Nil Required - Noise bunds where possible, Dozers operating on dumps - Limiting noise with hornless systems in trucks/reverse quakers	No Audible Mine Noise		
15/01/2024 19:30	Stratford SX108	AmberEStratford	Yes	External Noise Source	Nil Required - Noise bunds where possible, Dozers operating on dumps - Limiting noise with hornless systems in trucks/reverse quakers	No Audible Mine Noise		
15/01/2024 20:30 16/01/2024 19:00	Stratford SX108 Stratford SX108	AmberEStratford AmberEStratford	Yes Yes	External Noise Source External Noise Source	Nil Required - Noise bunds where possible, Dozers operating on dumps - Limiting noise with hornless systems in trucks/reverse quakers Reduced operations - Wet weather	No Audible Mine Noise No Audible Mine Noise		
16/01/2024 20:30	Stratford SX108	RedEStratford	Yes	External Noise Source	Nil Required - Noise bunds where possible, Dozers operating on dumps - Limiting noise with hornless systems in trucks/reverse quakers	No Audible Mine Noise		
19/01/2024 4:00	Stratford SX108	RedNStratford	Yes	External Noise Source	Nil Required - Noise bunds where possible, Dozers operating on dumps - Limiting noise with hornless systems in trucks/reverse quakers	No Audible Mine Noise		
19/01/2024 5:00	Stratford SX108	AmberNStratford	Yes	External Noise Source	Nil Required - Noise bunds where possible, Dozers operating on dumps - Limiting noise with hornless systems in trucks/reverse quakers	No Audible Mine Noise		
22/01/2024 20:00	Stratford SX108	AmberEStratford GreenNStratford	Yes	External Noise Source	Nil Required - Noise bunds where possible, Dozers operating on dumps - Limiting noise with hornless systems in trucks/reverse quakers	No Audible Mine Noise No Audible Mine Noise
